

Introducing MWPDM R24

The Future of Your PDM Solution,
Now as a Customer Oriented Service!

Upgrade to MWPDM R24 and Beyond –
Enhancements, Optimizations and Flexibility
No migrations, No Hassels!

At MechWorks, we understand the importance of keeping your Product Data Management (PDM) solution both reliable and tailored to your business. MWPDM R24 introduces a service-based model that offers greater flexibility, seamless updates, and ongoing support—while maintaining full control of your data and no additional costs.

Why Choose MWPDM as a Customer Oriented Service

1) Your Data, Your Control

Keep your Intellectual Property securely under your full control. Unlike other solutions, with MWPDM R24, you don't have to worry about losing access to your archive unless you keep paying—your data stays where you want it: in your hands!

2) Seamless Transition – No Migration Needed

There's no need to migrate your environment or adjust to new processes. With MWPDM R24, all your existing PDM data is available by default.

3) Cost-Effective & Predictable Pricing

The transition from a product model (R23) to a service model (R24) means no change in pricing. Plus, you get the flexibility of choosing between perpetual licenses or subscription plans, including multi-year options.

4) Fully Customizable to Your Needs

Our solution remains as customizable as ever, allowing you to adapt the MWPDM as a Service to meet your unique requirements.
